

What is *ClassACT for K-12 Inclusion*?

Distributed and co-developed by *Paperwork Solutions*, *ClassACT (Accountable, Collaborative Teaching) for K-12 Inclusion* is user-friendly, 'point & click' accounting software that significantly reduces the time and energy required for documentation.

Why do you need *ClassACT for Inclusion*?

You and your special education colleagues are a great team working together in the best interest of the student; nevertheless, individual instructors, schools, school districts — and even states are subject to liability for failing to adequately adhere to government guidelines pertaining to education laws. The issue of accountability will be even more important in today's and tomorrow's public school climate. Insufficient funding, oversized classrooms, teacher attrition & shortages, special education mainstreaming, discipline problems, along with state guidelines and federal laws, such as *No Child Left Behind*, create even more challenges for educators in the classroom. Despite these obstacles, the dedication that you and your teaching team possess ensures that you will always find a way to accomplish your goals — and you need to document it! In addition to improving teaching and learning by drastically reducing paperwork, *ClassACT for K-12 Inclusion*...

- ✓ Promotes cooperation, fairness, and equity between general education and special education instructors and students.
- ✓ Eliminates the need for pens, pencils, file folders, file cabinets, copiers, copies, carbon paper, and even paper.
- ✓ Helps prevent lawsuits stemming from inadequate Individual Education Plan (I.E.P.) implementation and documentation.
- ✓ Helps prevent lawsuits stemming from failure to accomplish general education learning objectives.
- ✓ Enhances professionalism by producing neat-looking, computer-generated records and allows easy customization.
- ✓ Provides 100% accuracy with full security protection.
- ✓ Converts records to PDF for added security protection (data cannot be manipulated) and insures that records may be saved electronically and transferred via email.
- ✓ Operates cross-platform (*Windows* and *Mac*) and shares user privileges between the general and special education instructor.
- ✓ Offers an exceptional value to educators. Besides, you can't afford NOT to have *ClassACT for K-12 Inclusion* classrooms!
